

BIG FEATURES IN SMALL TOOLS!

# Multi-Purpose Tools

that fit on your key ring

## Unique features provide professional performance in a compact tool

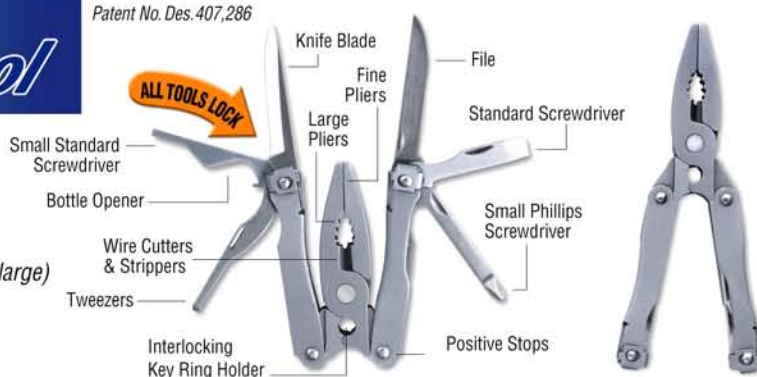

- .5° taper in plier jaws insure secure gripping
- Poly washers separate tools for smoother action and longer life
- Hollow ground knife blade has flat ground polished edge to cut better and last longer
- Interlocking fine plier teeth grab even the thinnest of materials
- Large plier teeth are timed to tightly grab common sized fasteners
- Robust "pass-by" cutters easily cut up to 12 gauge wire
- Tools lock open for added safety (T3 and T10 only)
